Why should the rent be regarded as a perpetual lease merely because rates are given for first 3 years, for 4th year, for 5th & 6th years? [I do not like to see whether the wants of the Society desired in future can be met; & I do not also like to increase the acreage rent.]

1st, as regards the renewal of the lease and the revision of acreage rent.
The agreement is based on the terms intimated to the Resident in our letter of 5th August 07 and their acceptance by the Military authorities conveyed in their letter No 15 G - Aug 07. The conditions were that the lands should be held on a lease under a "progressive tenure of annas ten per acre during the first three years, annas twelve for the fourth year and rupee one for the ~~fifth~~ and ~~subsequent~~ following years, subject to the condition that the lease will be renewed at the end of every third year." From the very fact that the lease was granted not permanently, ~~granted, it~~ but only for a fixed period, it is clear that the intention was to reserve the power to decide whether the lease was to be renewed or not at the end of such period. ~~It is~~ From the mere fact that the acreage rates were fixed for the 4th & 5th & following years also, it can not be held that it shoned be a perpetual lease. It is therefore open to the

Durbar to consider the question of renewal, though it is matter for serious consideration whether it is expedient to do so, and whether it is likely to be of any avail really.

10 If it is decided to renew the lease, as was originally intended in the ordinary course, then it is doubtful whether the question of revision of acreage rent might properly be raised now. The correspondence shews that a uniform rate of Re 1/- per acre was originally proposed, and it was subsequently modified to the progressive rate now in force. When the rate has been definitely fixed at the time of the original agreement for the 4th & 5th years also, they may consider it rather unfair that we should try to raise the rent now, though there was no difficulty to renew the lease and no special circumstances had transpired since the time of the such original agreement. Such there would perhaps be no objection to demand a revision after the expiry of the ~~present~~ period of renewal, as

we might well argue that 'rent' in such cases of "grass farms" can not be fixed for indefinitely long periods but must be liable to revision (as circumstances demand). At present however, as definite rates have been fixed for the ~~two~~ three particular years, the 4th, 5th & 6th, it would, it is submitted, be inexpedient to raise the question of revision. ~~xxxx~~.

The local officers seem to be now agreed that the villagers have a real want, though at the time the lands were leased ~~so~~ it was stated by ~~believed~~ the Dy Comr that the ryots would have no grievance.

In the reasons set forth in the Secretary's note of 6th Instt, in that file, it is doubtful whether the area of the lands leased out can be revised. 12

Though the lease is not a perpetual one the conditions seem to imply that the lease will be renewed as a matter of course. ~~As it is determination of the lease would have to be settled~~

From the tone of the previous correspondence on the subject it will be seen that the Military Authorities find some difficulty in securing suitable grass lands near Bangalore & they would be very unwilling to give up the present lands.

From the Dy. Comm^r Bangalore no 83/9 of 24.2.1911 submits the maps called for in Sl 5 with the gomal, Kharab, &c lands marked and with the file of vernacular correspondence on the subject and invites attention to his letter no 8485 of 2.4.09 recommending the resumption of some of the lands leased to the mil: authorities

Subd with refce to para 13. Supra.

In his report of no 1155 of 30.1.11 the Dy. Comm^r refers to certain portions of survey nos 108 & 124 of Laggere having been included in the lands leased to the military authorities in excess of those originally arranged to be leased. With regard to this reference is solicited to Sl. 44 of G.O. no 285 of 05.6 wherein the Dy. Comm^r Bangalore proposed certain additions &c to the lands already arranged to be leased & in reply to which he was informed that no inconvenience would be felt in keeping to the original proposals. If certain lands should nevertheless have been included while marking the boundary the Military authorities cannot be held responsible for it. Besides it is now probably too late to demand of them any arrears of rent. They may perhaps be addressed with a view to resuming

1 ac & 28 g. in extent on the whole

wch the two nos. refers to above

The Taluk Officials not able to explain this. The mistake is one that was probably committed by the Distt Surveyor while marking the boundary.

those portions for the reasons given by the Amildar. The Dy. Com. however does not refer to this point in his letter. though with regard to the Ketamanamahalli village he recommends the resumption of about 76 acres of land.

Explained by a Taluk office clerk sent by the Amildar x to be due to the omission in the sketch now sent by him of certain Kharab lands included in the 1406 and odd acres leased to the Mil. Authorities

[It may be noticed also that the total extent of the lands as given by the Amildar differs from that given in the no Rev. 285-05 as 24, 25, 27 105].

Vs (125) 2.3.11 Secretary) 3/3 3.3.11

To meet the requirements of the villagers of Ketamanahalli (Rev 293-08), Survey nos 173 & 174 (old nos 162 & 163) measuring 64 ac. 29 g. or Survey no 175 (old 164) measuring 86 ac 28 g. may perhaps be resumed without much inconvenience to the military farm authorities. There is no gomal in the village, all the gomal having been included in the lands leased to them; & therefore the resumption of lands proposed appears to be necessary.

Vs (125) 5/4.11 [The current lease expires in August next & a reply is due to the Res.].

The file is resubmitted with the village maps as directed in the Dewan's Order at para 13 of notes above

NOTE—Contn. sheet.

1/ A small area of 1 ac + 29 guntas in the Leggare village has been included among the lands leased to the military authorities in excess of those originally arranged to be leased. It does not appear necessary to take any steps for the resumption of these lands as their area is small and they have been included within the boundaries of the lands leased. But the excess may be brought to the notice of the military authorities with a view to the amount of rent being suitably revised in accordance with the area actually enjoyed by them.

2/ Finally, as regards Kethamarankaikal village, a case has been made out for more fonal lands for it, and some survey numbers 173 & 174; or 175 (Reserves Nos) may be secured for them out of the lands now leased out.

3/ In the view that the existing conditions of the lease imply virtually that the said lease will be renewed as a matter of course, and subject to approval, a draft letter to the Residency is put up on the lines noted above.

The Dy Com's present recommendation is to reserve some more survey Nos of the extent of 242 acres on the same conditions as those imposed by the Military authorities for the two Nos refs. to above. It is extremely doubtful whether this proposal will be accepted. But as the Dy Com says that the Military authorities may not object to the proposal as the area in question does not seem to be of much use to them for grass farm purposes, and their assignment as fomal may not interfere with their occasional use by the Military for training purposes &c, the proposal may perhaps be communicated to the Military authorities and their views ascertained.

28 Endt No 825 dated 3rd Feb 1914 from the First Assistant to the Hon'ble the Resident in Mysore —— forwards for the Durbar's views in the matter a copy of letter No 385/7 dated 29th Jan 1914 from the Asst Director of Grass Farms, 9th Division, requesting that the Mysore Durbar may be moved to renew the lease of the lands in the Malegal Valley for a further period of 3 years from the 25th August 1914 on the same terms as at present.

(75) The Deputy Comr raised the question of the levy of local cess in Sl 16 and he was requested to bring the point to the notice of Govt in February 1914. The rate of cess mentioned was "one anna in the rupee on the rental".

(76) The Grass Farm Authorities having asked for a renewal of the lease on the existing terms, the question will have to be considered now. The original terms of the lease are set forth at para 9 above. As a result of further correspondence with the Residency, the military Grass Farm authorities have permitted the villagers of Kettamaranahalli to graze their

The lands leased to the Military Grass Farm Authorities are situated in the villages of Laggere, Kethamaranahalli and Jarakabande Kaval and measure 1408 acres and 24 guntas, of which 135 A. 6 - 18 G. were made over in 1907 and 5 A. 2 and 6 G. in 1909.

(17) In February 1912 the Dy. Comr pointed out that the extent of the lands handed over in 1907 was found to be 135 A. 3 - 38 G. according to re-survey. It is perhaps desirable to obtain from the Dy. Comr a statement showing the old and new survey numbers of the lands leased, their individual extent and other particulars, before addressing the Residency in the matter of the local cess.

87. In the present case, the Govt unoccupied lands are leased out to the British Military authorities for the purpose of providing grass to the Cavalry horses - So, the rent paid by the military authorities partakes of the nature of Hulbanni, on which the cess can be demanded under the rules -

The liability to pay local cess cannot therefore be applied to such transactions, particularly ~~grass~~ forest when the other party is also Govt. The heavy amount of lease would be more than what could be realized in the form of Kulbanni & cess together.

89 The terms 'rent-assessment' are often used as identical terms in the L.R. Code.

Letter No. 1195,F. dated the 7th August 1911, from Capt. Airy, ~~the~~ Divisional Farm Officer, 9th Division, to the First Assistant Resident in Mysore, Bangalore.

With reference to correspondence ending with your endorsement No. 2732 dated 6th May 1911, to the address of the Divisional Supply and Transport Officer, 9th Division, I have the honour by direction of the General Officer Commanding 9th Division to state that it is not practicable to relinquish either Survey Nos. 173 and 174 or Survey No. 175 as these plots include a group of hills which are constantly required and utilised by the Bangalore Garrison for training purposes.

2. The General Officer Commanding the Division, however, sees no objection to survey Nos. 173 and 174 (old survey Nos. 162x and 163x) measuring in the aggregate 64 acres and 29 guntas being utilised by the villagers of Ketmaranhalli for grazing purposes only, provided the Durbar is willing to allow the Military Authorities to maintain a hold over these lands on payment of a nominal rental of annas two per acre per annum. From enquiry there is reason to believe that the villagers of Ketmaranahalli will agree to these terms.

x 161 and 162 are presumably intended. vide statement forwarded under your No. 5660, dated 31st August 1907.

3. In these circumstances the General Officer Commanding the Division will be obliged if you would kindly move the Mysore Durbar to modify the conditions of the renewal of the lease of the Maligal valley, contained in para 1 of their letter No. 964 Pol., dated 28th April 1911.

4. In regard to paragraph 2 of the Durbar letter quoted above, I am directed to inform you that Survey Nos. 108 and 124 measuring 1 acre and 29 guntas are required for grass farm purposes and there is no objection to the accounts of the extent of lands leased and the acreage rent to be paid being suitably revised.

Sir,

With reference to your letter No.G.3116/G.M.307-09-15 dated 29th November 1911, requesting that a bill in triplicate on account of the rental of the lands of the Mallegal valley -- leased out to the Military grass Farm authorities, for the year 1911-12 may be caused to be forwarded to the officer in charge of the Military Farm, Bangalore, I have the honor to state that the Amildar of the Bangalore Taluk, reports that he has since received an order No.1247 dated 18th January 1912, from the District Treasury Officer, Bangalore, to the effect that in accordance with Memo No.2215/140 dated 9th January 1912 from the Officer in charge of the Hon'ble the Resident's Treasury to the -- Comptroller, Mysore Government, necessary adjustments may be made in the Taluk Treasury regarding the credit of Rs.3693-0-9 to the rental of the Mallegal valley for the years 1907-08, 1908-09, 1909-10 and 1910-11 and that the calculations thereof seem to have been made at uniform rate from the beginning on the total extent of 1406-35 though an extent of only acres 1354 , guntas 29. 1 acre, guntas 29 (for 1 acre , 29 guntas vide your letter No.G. 1347 G.M.307-09-13 dated 1st September 1911) or acres 1356 , 18 guntas in all was handed over to the military grass Farm authorities on 25th August 1907 and the remaining extent of 52 acres , 6 guntas only on 12th May 1909.

2) The above amount paid by the Military authorities does not include the amount of local cess due at one anna in the -- rupee on the rental

29

However the bill for 1911-12 is prepared at different progressive rates as per Government order No.C.1551/ G.M.285-05-39 dated 27th August 1907 at Re. 1/- per acre for the extent of lands handed over on 25th August 1907(which according to resurvey comes to acres 1353- guntas 38) as it is the fifth year and at Rs.0-10-0 per acre on acres 52 , guntas 6 of land subsequently handed over on 12th May 1909, as it is the 3rd year and the bill in triplicate is submitted herewith. The amount of local cess also for 1911-12 is included in the bill. Thus the total amount due from the Military authorities for 1911-12 comes to Rs.1473-3-2 including the local cess.

3) I beg to state in this connection that as the local cess on the rental for the previous four years has not been received, the Military grass Farm authorities may kindly be informed of the same, so that proper adjustments may be caused to be made by them for the amount of local cess for the years 1907-08 to 1910-11.

Sir,

With reference to your letter No.G.1347/G.M.307-09-18 dated 1st September 1911, calling for my opinion, regarding the resumption of some of the lands in Kethmamahalli village, Bangalore Taluk, which have been leased out to the Military Grass Farm authorities, on account of the insuffidiency of gomal in the -- said village, I have the honor to state that it is seen from the Amildar's Itilla No.369 dated 30th September 1911, enclosed in the file, that the present number of cattle in the village is 890 which require at least 267 acres of gomal land at 30 acres per hundred head of cattle. The area under cultivation in the village being Acres 1017, 15 guntas the extent of the gomal ought to be about 266 acres. The villagers have now got only Acres 46, 33 guntas comprising the survey No.176 and 181 and even out of this 39 acres, 35 guntas are rocky and not suited for grazing purposes.

316 G
19-9-11

2. The Amildar states that if as proposed by the Military authorities only Survey No.173 and 174 measuring in all 64 acres 29 guntas are given back to the villagers for grazing purposes, the ryots will not cease complaining of the insufficiency of the gomal and that since the way to the said survey Nos.lies through Survey Nos.162 and 181, there might be likewise room for complaint from the Military authorities also.

3. The Amildar recommends that the gomal lands which the villagers originally had and which as per resurvey correspond to

242 acres, 11 guntas, excluding 39 acres, 35 guntas of rocky soil out of survey No.181, may be restored to the villagers for grazing purposes, on the same condition now proposed for survey Nos.173 and 174 of the village. I concur in the opinion held by the Amildar as the prayer of the villagers of Kethmarnahalli for the assignment of sufficient gomal for their cattle seems to be a reasonable one, as almost all the lands which had been acquired for the late Mallegal project and which lying waste were being used by the villagers for grazing their cattle, have since been disposed of and the village cattle are now maintained mainly for agricultural purposes and not for purposes of trade as was the case in 1908(Vide Amildar's report No.790 dated 16th December 1911)

4. The Military authorities also may not object to this proposal, as much as the area now proposed to be given back to the ryots does not seem to be of much use to them for Grass Farm purposes, and further the assignment of the land as -- village gomal may not interfere with the occasional use of the said land by the Military authorities for training purposes etc. As regards the excess area of 1 acre, 29 gunts out of survey Nos.108 and 124 of the Laggere village included in the Military Farm boundary, the accounts had been revised in the Taluk.

5. The file of papers along with four maps of Jarakabande Kaval village and one map of Laggere village is resubmitted for reference.

6. The Kethmarnahalli village map which was not returned with the letter under reference may kindly be caused to be returned when done with along with the vernacular file.

Comr has also pointed out that ~~the Military Authorities~~ may not object to the above proposal, in as much as the area now proposed to be made available for use by the villagers does not seem to be of much use to the Military for Grass Farm purposes and further the assignment of the land as village gomal may not interfere with the occasional use of the said land for training and other purposes by the Farm Authorities.

I am to request that the above facts may be kindly Communicated

It is understood that the area now under reference is not of much use to the mils for grass farm purposes & that its use as village pasture land will not interfere with its occasional use for training & other purposes of the mils Comments

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,

Dated Bangalore, 6th April 1912

FROM

To

P. B. WARBURTON, ESQ., I.C.S.,
First Assistant to the Hon'ble the Resident in Mysore.

SIR, /. With reference to the correspondence ending with your endorsement No.4858 dated the 15th August 1911 on the subject of making available for the villagers of Kethamaranahalli for grazing purposes survey numbers 173 and 174 out of the land leased out to the Military Grass Farm Authorities, I am directed to state that the Deputy Commissioner of the Bangalore District has, while communicating the villagers' agreement to Captain Airy's proposal made in para 2 of his letter No.1195/F dated 7th August 1911, pointed out that the existing gomal land assigned to the village measures only about 46 acres and 33 guntas, out of which 39 acres and 35 guntas, being rocky, are unsuited for grazing purposes. By allowing survey numbers 173 and 174 to be utilized by the villagers they will have in addition

addition to the above only about 64 acres and 29 guntas of land for free pasturage for the village cattle, whereas the present number of cattle in the village, viz., 890 require at least about 266 acres. The Deputy Commissioner accordingly recommends that the gomal lands which the villagers originally had and which according to the re-survey correspond to survey numbers 162, 173, 174, 175 and 176 measuring on the whole about 242 acres and 11 guntas may be permitted to be used by the villagers for grazing purposes on the same condition as that now proposed for survey numbers 173 and 174 of the village referred to above, viz., that the villagers graze their cattle in the lands while the Military Authorities still retain a hold on the lands on the payment of a nominal rental of 2 annas per acre per annum.

2. The Durbar concur with the Deputy Commissioner, that the assignment of additional free pasturage is very necessary. It is understood that the area now under reference is not of much use to the Military for Grass Farm purposes and that its use as village pasture land will not interfere with its occasional use for training and other purposes by the Military Authorities.

3. I am to request that the above facts may be kindly communicated to the Military Authorities for favourable consideration and their views ascertained and intimated to the Durbar

Sir,

In continuation of my letter No349 dated 21st March 1912, recommending the restoration of 242 acres - 11 guntas of gomal land in the Kethamaranahalli village, Bangalore Taluk, out of the extent leased to the Military grass Farm authorities, I have the honor to enclose herein copy of letter No.1240G.dated 23rd January 1913, from the Officer in charge of the Military Grass Farm returning the bill for Rs.1406-1-7 on account of the rental due for the year 1912-13 and requesting that it may be revised as the said 242 acres 11 guntas of land had been grazed by the villagers of Kethamaranahalli since 1st April 1912, as arranged by the Amildar of Bangalore Taluk, charging only 2 annas per -- acre for the extent as agreed to by them.

2. As no formal orders have been received from the Government regarding Restoration of the land(242 acres - 11 guntas) to the villagers, in this office, the Amildar of Bangalore Taluk was -- directed to report if 242 acres 11 guntas were actually allowed to be used by the villagers as stated by the officer in charge of the Military Grass Farm, and he reports that there was a meeting of Mr.A.Hayes, the former Amildar and Captain Airy on the spot when the latter is said to havehanded back the lands to the former. Under these circumstances I request that orders may kindly be passed as to whether the above said extent of 242 acres 11 -- guntas may be considered as restored to the villagers and a revised bill sent.

3. The Vernacular correspondence ending with Bangalore Taluk Amildar's No.249 dated 20th February 1913, is herewith submitted for reference and kind return.

Letter No. R.C. 187 dated 15-9-1913 from the Deputy Commissioner, Bangalore District to the Revenue Commissioner in Mysore.

I have the honor to forward herewith copy of letter No. 544/B.R.88 dated 25th July 1913, from the Comptroller to the Govern-ment of Mysore, requesting to obtain sanction for the refund of -- Rs211-15-11 overpaid on account of the rental of the Maligal valley by the Military Grass Farm authorities for the year 1912-13 and to state as follows:-

2. A bill for Rs1406-1-7 being the rental on the lands in -- Maligal valley, taken by the Military Department on lease for grass Farm purposes for the year 1912-13, having been forwarded to the -- officer in charge of the Military Grass Farm, he returned the bill and requested that a revised bill might be sent charging only 2 as. per acre for 242 acres- 11 guntas of land in the Kethamarnahalli - village as the said extent had been utilized by the villagers for - grazing, since 1st April 1912 as arranged for by the Amildar of the Bangalore Taluk.

3. After some correspondence between this office and the Banga-lore Taluk, a reference was made to the Secretary to the Government of Mysore for obtaining orders of Government in the matter of prepar-ing a revised bill as desired by the officer in charge of the -- Military Grass Farm and Government in their No. 5709/G.M.307-09-24 dated 24th March 1913 directed that only 2 annas ~~as~~ may be charged for the said extent of 242 acres - 11 guntas. Accordingly a revised bill for Rs1194-1-8 was prepared and forwarded to the Officer in -- charge of the Military Grass Farm and it was duly accepted. But sub-sequently, the latter officer intimated that the Accountant General Madras, had in his accounts credited to the Mysore State Rs1406-1-7 instead of Rs1194-1-8 as per revised bill and requested that the -- arrangements might be made for the reimbursement of Rs211-15-11 over paid. The Comptroller who was accordingly requested to make the -- necessary adjustments suggests in his letter No. 544/B.R.88 dated -- 28th July 1913 referred to above, that sanction of the Revenue Com-

57

-missioner may be obtained for the refund of Rs211-15-11 as required in para 317 of the Mysore Treasury Manual. The bill forwarded from this -- office and duly accepted by the Military authorities is only for the --- correct amount Rs1194-1-8 due from them and the Accountant General has -- credited Rs1406-1-7 instead by book adjustment.

4. As the formalities required in the case of a regular refund can-not be observed in the circumstances explained the amount not having been credited and brought on the accounts of either the District or Taluk Treasury I request that you will be so good as to sanction formally the refund of the amount, so that it may be credited to His Majesty's Jamakarch account as pointed out by the Comptroller.

Sir,

With reference to your letter No.G.6175/G.M. 307/09-29 dated 11th February 1914, calling for my views on the proposal of the Military Grass Farm authorities, to renew the present lease of certain lands which were included in the late Malegal Water-project, as also certain particulars as to the area of the lands covered by the lease, the conditions ~~etc~~ thereof etc., I have the honor to state as follows:-

1. The Amildar of the Bangalore Taluk, was directed to report in the matter, his attention being also drawn to section III of para 14 of the Revenue Commissioner's (Mr.A.Rangaswamy Iyengar's) letter No.10628 dated 17th April 1911 suggesting the desirability of making these lands available to the public for cultivation and para 4 of Government order No. 1271/L.R.142-10-7 dated 22nd August 1911 thereon, viz. that the fact that there is a great demand for these lands for cultivation is noted for consideration when the question of removal of the lease next comes up.

2. The Amildar reports in reply (Vide his Itilla No.884 dated the 23rd March 1914) that the lands covered by the lease are not very fertile, that only a small extent of land can be made available for cultivation, the major portion -- being unculturable. The exact extent of the portion that can be made available for cultivation had not been made out but from the Amildar's report it can be seen that only a

Views on the proposal of Military Grass Farm authorities to renew the present lease of certain lands which were included in the late Malappuram Water Project Area.

a very small portion may be suitable for cultivation.

3. The Amildar is of opinion that in this circumstance it would be advantageous to renew the present lease for a further period of three years, with the proviso that the area of the lands that are now being used by the villagers of Ketamaranahalli should continue to be available to them for the purpose of grazing their cattle, the Military Grass Farm authorities paying only as at present a nominal rental of annas 2 per acre on this extent, in consideration of the use of this portion by them for the training purposes of the Military Garrison, and that should the grass farm authorities not agree to this, this area viz. 242 acres and 11 guntas of Ketmaranahalli should be excluded from the total area, while renewing the lease for a further period.

4. In this connection it may be mentioned that a good extent of land was disposed of for purposes of cultivation during the special sales of 1910, and many went in for these lands very enthusiastically, but it cannot be said that all of them have been actually brought under cultivation, judging from the fact that attemps are being made by the purchasers to get them transferred to others or even to resign them. These applications and resignations are being dealt with on the merits of each case. Taking these facts into consideration, and also the agricultural situation of the past and the current year, I am of opinion that urgency for making additional lands out of the area of the lands covered by the lease available for cultivation purposes has not arisen. The special sales were conducted in 1910 which was a year of very good harvest and people in Bangalore and the villagers also, when they saw competition from the city folk appeared to have been enthusiastic ~~lan~~ to acquire lands. In the result, the sales brought in a good portion of the amount of compensation paid and -- which the Government were anxious to recover. But it

it cannot be said that this indicated a very genuine demand by public for lands for cultivation purposes.

5. From the conditions under the lease, the Government et one Rupee per acre uniformly on all kinds of lands, -- covered by the lease, whereas if the area be made available for cultivation, so much cannot be expected as only good lands will be taken up for cultivation and the rest will remain fallow, much to the inconvenience of those who take up the lands.

6. The lands near the City are always valuable and this value is always realizable as an unearned increment and -- there is nothing lost by waiting for some time longer. All things considered I am of opinion that the present lease may be renewed for a further period of three years on the same conditions as ~~on~~ are in force at present subject to the modification pointed out above, in respect of the lands required for grazing purposes of the Ketmaranahalli, should the Military authorities raise objection to this condition being adopted.

7. The terms of the current lease were approved and communicated to this office in letter No.G.1551/G.M.285-05-39 dated the 27th August 1907 from the Secretary, wherein it was laid down that for the lands of the Grass Farm the Military authorities should pay for the first three years 10 annas, fourth year 12 annas, and from the fifth year one Rupee on every acre. The condition that 242 acres and 11 guntas should be made available for grazing the cattle of the Ketmaranahalli village was subsequently agreed to by Mr.Hayes, the then Amildar and Captain Airy, on receipt of complaint from the villagers of Ketmaranahalli. There does not appear to be any document laying this condition down in writing. However, when the bill for the rental for the year 1912-13 was sent in for -- adjustment, the grass farm authorities objected to the full rental of Re.1/- per acre being calculated on the area of the Ketmaranahalli gomal, and on correspondence

correspondence the Government approval to [illegible]

being claimed on this extent (Vide Government order No. 5709/G.M.307-09-24 dated 24th March 1913). Opportunity may now be taken to insert this condition also while -- renewing the present lease as now proposed.

8. The statements called in para 2 of your letter under reply, vide columns 1 and 2 of para 2 - prepared and submitted by the Amildar are herein enclosed for reference.

9. As regards the question of local cess payable on the rental of the lease lands, it is not now possible to say why this was left out of consideration and was not pointed out to the Military authorities. But local cess is leviable on all land revenue realizations. As the rental in this case partakes of the nature of assessment and computed in that value in fixing the amount, it is but fair that local cess should be levied on the rental.

10. The Amildar's report in the matter is also submitted herewith.

I have the honor to be

Sir,

Your most obedient servant.

With reference to your letter
No: S. 556 of 2nd February 1914 regarding
the levy of local cess on the rental
due from Military Grass Farm
Authorities for the lands leased to
them in the Maligal valley, I am
directed to state that the Farm
Authorities have asked for a
renewal of the lease on the exis
-ting terms for a further
period of 3 years from 25th August
1914 and I am to request to be
furnished with your views on the
proposal of the Farm Authorities.

I am also to request you
to kindly forward to this office
a Statement showing (1) the survey

numbers (old and new) and extent of the lands made over to the Farm authorities in 1907 and 1909.

(2) the individual and total area of the lands according to survey.

(3) the terms of the current lease including the conditions under which the Villagers of Kethamarnahalli have been permitted to graze their cattle on some of these lands.

I am also to request to be informed why the question of the levy of local cess was not raised at the time of the original lease or at any subsequent periods

of renewal.

The favour of a very early reply is requested.

Memo

Forwarded to the Amildar Bangalore Taluk for very early submission of the several particulars required in the General and Revenue Secretary's letter

The question whether it is expedient to renew the present lease or make the lands available for cultivation should be well discussed with reference to existing conditions and definite conclusions supported by statistics should be stated. The idea of making the lands available for the people for cultivation was considered by the late Revenue Commissioner

(Mr A. Rangaswami Iyengar)
but the Government reserved
the question for consideration
when the question of the renewal
of the lease came up before them
(Vide para 4 of the Govt Rso: R 1271—

dated August 1911.
